All text content in References should follow the following formatting. [Font: 11pt, TNR, Regular, Sentence case, line spacing = 1.15 inch, Justify alignment]. Numbering for References should be given in square bracket using Bullets and Numbering command in word processor. e.g. [1].

The template will number citations consecutively within brackets [1]. The sentence punctuation follows the bracket [2]. Refer simply to the reference number, as in "[3]"—do not use "Ref. [3]" or "reference [3]". Do not use reference citations as nouns of a sentence (e.g., not: "as the writer explains in [1]").

Unless there are six authors or more give all authors' names and do not use "et al.". Papers that have not been published, even if they have been submitted for publication, should be cited as "unpublished" [4]. Papers that have been accepted for publication should be cited as "in press" [5]. Capitalize only the first word in a paper title, except for proper nouns and element symbols. For papers published in translation journals, please give the English citation first, followed by the original foreign-language citation [6].
